**Look First! Enhancing Driver Safety**

Driving gives us a sense of independence, pride, and freedom; it matters in people's lives. While driving is the word, mobility is the goal. This presentation is intended to help keep you driving safely for longer. We will examine mature driver statistics, effects of aging on driving, new technology, and roadway infrastructure advancements, prolonging your driving career and community resources. Overall, it is about driving fitness and abilities, not age that matters most in driver safety.

The program will be presented by Haley Glynn, Traffic Safety Educator, with AAA. The AAA Mid-Atlantic Foundation for Safety and Education promotes safe driving skills for life in schools, on roads and in communities across the Mid-Atlantic region.

**Business Meeting**  
**10:50-11:30 a.m.**

Chesterfield Triad helps educate seniors and caregivers about programs, services, techniques, and systems that aid in crime prevention and improve the quality of life for seniors. Many free safety programs and services are offered.
